

CHROME

ISLAND

COLLECTION SERIES

An island hood with an elegant vertical style, Chrome's design is simple yet sophisticated, with four separate panels of polished stainless steel, forming the sides of the chimney, which convey strength and timeless grace.

Chrome with the EDS3 (Elica Deep Silence) technology, delivers the golden pleasures of silence. With only 4.8 sones at top speed, the kitchen is truly a peaceful place to pass the time...in perfect silence.

The powerful 600 CFM blower and halogen lighting are operated by a touch sensitive steel rod control, aptly named the Magic Wand. A gentle touch of the finger to the rod is all it takes, or operate from anywhere in the room with the beautifully crafted Jet black remote control.
