## 1. INTRODUCTION

The present report illustrates, in accordance with Article 123-*bis* of Legislative Decree 58/98 (“**Consolidated Finance Act**” or “**CFA**”) the Corporate Governance system adopted by Elica S.p.A. (“Elica” or the “Company”) in 2012 and updated at March 15, 2013, in line with the recommendations of the Self-Governance Code, issued by Borsa Italiana and approved, in December 2011, by the Corporate Governance Committee (the “**Self-Governance Code**” or the “**Code**”).

The disclosures relating to the remuneration of the corporate officers and senior management are contained in the Remuneration Report prepared pursuant to Article 123-*ter* of the CFA, in accordance with Attachment 3A, Schedule 7-*bis*, of Consob Resolution No. 11971/1999 and subsequent amendments (“**Issuers’ Regulations**”) and published together with the present Report, in accordance with the provisions of Article 84-*quater* of the Issuers’ Regulations (“**Remuneration Report**”).

The By-laws do not contain any restrictions on any type of share transfer.

**c) Significant holdings (as per article 123-bis, paragraph 1, letter c), CFA)**

Significant shareholdings in the share capital are indicated in “**TABLE 1 – INFORMATION ON THE SHARE CAPITAL**” – “Significant holdings” based on the information available to the Company at March 15, 2013.

**d) Shares which confer special rights (as per article 123-bis, paragraph 1, letter d), CFA)**

**f) Voting restrictions (as per article 123-bis, paragraph 1, letter f), CFA)**

The By-laws do not contain any restrictions on voting rights.

**g) Shareholder agreements (as per article 123-bis, paragraph 1, letter g), CFA)**

On December 10, 2007, FAN S.A. (now “FAN S.r.l.”), the parent company of Elica S.p.A., and Whirlpool Europe S.r.l. (“**Whirlpool**”) signed a shareholder agreement (the “**Shareholder Agreement**”). Under the Shareholder Agreement, Whirlpool and the Company signed a Share Option Agreement (the “**Share Option Agreement**”).

This Agreement was modified through two additional agreements signed between Whirlpool and Elica respectively on December 3, 2008 (the “**Modifying Agreement**”) and June 15, 2009 (“the “**Second Modifying Agreement**”).

On December 18, 2009, Whirlpool S.r.l. and Elica signed, thus confirming their respective obligations, the communication issued by FAN S.A. relating to the merger by incorporation of the same into Prop S.r.l., which at the same time changed its name to FAN S.r.l. Following the merger, FAN S.r.l. with registered office in Rome, via Parigi, No.11, registered in the Rome Company Registration Office at No.10379911000, assumed the rights and obligations of FAN S.A. and continues all activities of FAN S.A., including the Shareholder Agreement.

On March 8, 2010, Whirlpool and FAN S.r.l. signed a further modification to the Agreement under which the parties agree that, among other issue, any provision of the Agreement dependent on the holding by Whirlpool of 10% of the share capital of Elica at the closing of the option period, as extended by the Second Modifying Agreement, is fully enacted.

On December 18, 2010, Whirlpool and FAN s.r.l. announced that the Agreement had been renewed for a further 3-year period and without amendment.

The matters outlined above had no impact on the control of Elica which pursuant to article 93 of the Consolidated Finance Act, continues to be indirectly held by Ms. Gianna Peralisi.

At ATTACHMENT 1 the full Extract of the latest Shareholder Agreement communicated to Consob in accordance with Article 122 of Legislative Decree No. 58/1998 is reported.

**h) Change of control clause (as per article 123-bis, paragraph 1, letter h), CFA) and statutory provisions concerning Public Purchase Offers**

Agreements are in place of a commercial and financial nature and/or concerning investments of the Company in its subsidiaries, of a confidential nature, which provide for the right to withdrawal or to purchase/sell shares of the subsidiaries to the other contracting party, in the case of change of control of the Company. The resolution of an individual agreement would not significantly impact the Company.

The Company By-Laws do not provide for exceptions to the passivity rule pursuant to Article 104, paragraphs 1 and 1 of the CFA, nor the application of the neutralisation rules pursuant to Article 104-bis, paragraphs 2 and 3 of the CFA.

**i) Power to increase the share capital and authorisation to purchase treasury shares (as per article 123-bis, paragraph 1, letter m), CFA)**

At the date of the Present Report, the Board had not been granted powers to increase the share capital under Article 2443 of the Civil Code.

\*\*\*

With reference to the purchase of treasury shares, the Shareholders' Meeting of April 27, 2012 of Elica approved the procedures and delegated powers to the Board of Directors of the Company, as per Articles 2357 and 2357 *ter* of the Civil Code, to purchase (for a period of 18 months) and utilise (without time limits) ordinary shares of the Company, establishing the manner of completion and delegating to the Board of Directors the power to take any necessary actions in order to give effect to resolutions in accordance with applicable laws.<sup>2</sup>

At the date of the present Report, the Company had not carried out purchases under the above stated resolution, nor were changes registered to the number of treasury shares in portfolio of the Company in 2012.

The Company therefore continues to hold in portfolio 3,166,140 treasury shares, for a total of 5% of the share capital, following the purchases and sales made in years prior 2012.<sup>3</sup>

The Shareholders' Meeting called for the approval of the 2012 Annual Accounts will, among other issues, be requested to renew the approval for the purchase and utilisation of treasury shares. Acceptance of the proposal would result in, among other issues, the withdrawal of the previous authorisation granted on April 27, 2012, for that part not utilised.

**l) Direction and co-ordination activities (as per Article 2497 of the Civil Code)**

The company is not subject to management and co-ordination pursuant to Art. 2497 and subsequent of the Civil Code.

---

<sup>2</sup> For further information, reference should be made to the Report of the Board of Directors' of Elica S.p.A. relating to the proposal to authorise and utilise Treasury Shares of March 21, 2012, available on the Company website.

This conclusion derives from the fact that the majority shareholder does not carry out management activities within the company and, although exercising their voting rights at the shareholders' meeting, does not exercise any managerial directives or have any involvement in the production and financial programmes. The Company therefore carries out its operations through a totally autonomous and independent decision-making process.

The disclosure required by Article 123-*bis*, paragraph 1, letter i) of the CFA are contained in Section 1 of the Remuneration Report, while the disclosure required by Article 123-*bis*, paragraph 1, letter l) are illustrated in the subsequent section "4.1 Appointment and replacement (as per Article 123 *bis*, paragraph 1, letter l) of the CFA" below of the present Report.

### **3. COMPLIANCE (AS PER ARTICLE 123-BIS, PARAGRAPH 2, LETTER A), CFA)**

The company complies with the Self-Governance Code issued by Borsa Italiana S.p.A. and approved by the "Corporate Governance Committee" (December 2011 Edition).

Where the recommendations of the Code are not applied, the reasons for such are provided in the present report.

The Self-Governance Code is available on the website of Borsa Italiana S.p.A.: [www.borsaitaliana.it](http://www.borsaitaliana.it)

The Company, and its subsidiaries, are not subject to laws in force outside Italy which affect the Corporate Governance structure of Elica.

## **4. BOARD OF DIRECTORS**

### **4.1 Appointment and replacement (as per article 123-bis, paragraph 1, letter l), CFA)**

The appointment and replacement of directors is governed by article 16 of the By-laws, which provides for the voting of slates; this mechanism was adopted on the renewal of the Board of Directors, latterly resolved by the Shareholders' Meeting of April 27, 2012. For further information on the manner of appointment of the Directors, reference is made to the subsequent section "Method for electing the Corporate Boards".

All amendments to the By-Laws are made based on the provisions of law and the by-laws themselves. In particular, in accordance with article 19.2 of the By-Law, which adheres to article 2365 of the civil code, adjustments to the by-laws in accordance with law are reserved to the Board of Directors.

\*\*\*

In relation to succession plans, on November 14, 2012, the Board evaluated whether to adopt a succession plan for Executive Directors, pursuant to the provisions of Article 5.C.2. of the Code. The Board, considering the recent assumption of office by the C.E.O.<sup>4</sup> and the strong links binding the other Executive Directors to the Company, decided not to adopt a succession plan for Executive Directors and to postpone evaluation of the matter to a subsequent meeting.

### **4.2 Composition of the Board of Directors (as per article 123-bis, paragraph 2, letter d), CFA)**

The Board of Directors of the Company, in accordance with article 2 of the Self-Governance Code, is comprised of executive and non executive directors with sufficient skills and levels of professionalism. With the assumption of office of the C.E.O. on September 13, 2012, the number of Independent Directors on the Board of the Company reduced by one, although still in compliance with the legal minimum. Consequently, the Appointments and Remuneration Committee proposed the appointment of a new

<sup>4</sup> For further information, reference should be made to the Press Release of September 13, 2012.

independent member to the Board. The proposal was accepted by the Board which, supplementing the proposal, proposed to the Shareholders' Meeting called for the approval of the 2012 Annual Accounts, the appointment of a new Director which, in addition to being independent, is professionally qualified in relation to industrial processes and product development.<sup>5</sup>

As per article 16 of the By-laws, the Company is administered by a Board of Directors made up of between 5 and 11 members, including non-shareholders.

On April 27, 2012, the Ordinary Shareholders' Meeting of the Company, adopting the so-called "slate voting" system, conferred administration of the system to a Board of Directors comprising of 7 members, which will remain in office until the approval of the financial statements at December 31, 2014, appointing Mr. Francesco Casoli as the Chairman of the Board of Directors.

At the above-stated Shareholders' Meeting, two slates for the appointment of Directors were presented. One slate was presented by the majority shareholder FAN S.r.l. ("Majority Slate" or "Slate 1") and proposes as Directors Messrs: Casoli Francesco, Sasso Andrea, Pieralisi Gennaro, Romiti Stefano, Perucchetti Giuseppe and Pieralisi Gianna. The other slate was presented by the Shareholders FIRST CAPITAL S.p.A. and IMMI INVEST S.r.l. ("Minority Slate" or "Slate 2") and proposes as Directors Messrs.: Magri Elena and Menghini Massimo. The Minority Slate was not connected in any way with the Majority Slate.

The result of the voting of Shareholders present at the Shareholders' Meeting was as follows:

- votes in favour of Slate 1 – 33,846,665, equal to 90.8045% of votes;
- votes in favour of Slate 2 – 3,342,539, equal to 8.9674% of votes;
- abstaining votes 46,977, equal to 0.1260% of votes; and
- not voting 38,019, equal to 0.1020% of votes.

Therefore the following were appointed as Directors: Casoli Francesco, Sasso Andrea, Pieralisi Gennaro, Romiti Stefano, Perucchetti Giuseppe, Pieralisi Gianna and Magri Elena.

In accordance with article 17 of the By-laws of the Company, except for the powers of convocation reserved to the Statutory Auditors in the cases established by law, the Board of Directors meets on the convocation of the Chairman, or in the case of his absence or impediment, of the Vice Chairman or the Chief Executive Officer, if appointed, or in the absence or impediment also of these, the most senior Director in terms of age, through registered letter, telefax or electronic mail, to be sent at least 5 days before the date of the meeting.

The company usually agrees, where possible, with the directors the dates of the board meetings and also the matters on the agenda. Important documentation and information necessary in order to allow the Board to express their opinions with full knowledge of the facts on the matters on the agenda, is usually sent to the directors, in the method agreed with each of them, reasonably in advance of the meeting, except in exceptional cases where, due to the nature of the resolutions, the requirements for confidentiality and/or timeliness, with which the Board must take the decisions, reasons of necessity and/or urgency supersede such.

The forwarding of the documentation together with the call notice of the Board, which is normally five days before the meeting, is considered sufficient to permit a review of the same by the directors. This period however is extended, in concert with the directors, in the case of particularly large or complex documentation, and whereby the key elements are illustrated in presentation documentations, which permit the directors to promptly understand the important matters to be dealt with during the meeting. Such presentation documentation is normally filed together with official documentation of the meeting.

During 2012, the above-mentioned period of five days was generally complied with and in any case, the Board was informed with sufficient notice in order to undertake a complete and correct valuation of the matters under examination.

The documents containing confidential information are normally sent only and directly to Directors, specifying the nature of the document and through the manner agreed with each Director individually, in order to ensure confidentiality.

As well as the Secretary to the Board, the Chief Financial Officer and/or the Financial Director usually attends the Board meetings, who provide greater details on the financial implications of the matters on the Agenda. On the occasion of specific resolutions, senior managers responsible for the specific matters and/or consultants directly involved are invited to express and provide opinions on the matters on the Agenda. For example purposes, in relation to resolutions concerning the remuneration of executive directors, as well as the presentation of share-based incentive plans, the Human Resources Area Manager participates at the meetings.

The Chairman of the Board meeting ensures that the matters subject to discussion are allocated the time necessary to ensure constructive debate and which encourages the contribution of Directors.

The meetings of the Board of Directors take place at least four times per year, at least quarterly and every time the Chairman considers it necessary or when a request as outlined above is made.

In accordance with article 19 of the By-Laws, the Board of Directors are attributed the widest powers for the management of the Company and the faculty to carry out all acts and operations considered necessary for the reaching of the corporate objectives, except in the case of those attributed by law to the Shareholders' Meeting or deriving from specific authorisations required by the By-Laws.

The Board of Directors also has the following duties:

- f) updating the company by-laws and the shareholder meeting regulation in accordance with law;
- g) the transfer of the registered office to another municipality in the national territory;
- h) the reduction of the share capital where losses are greater than one-third of the share capital and the Company has issued shares without nominal value.

The Board of Directors has been attributed the powers to:

- define the nature and level of risk compatible with the strategic objectives of the Company;

In particular, in 2012, the evaluation of the adequacy of the organisational, administrative and accounting structure of the Company and of the subsidiaries was carried out by the Board at the meeting of August 28, 2012, based on the information provided by the relevant company departments. During this meeting, based on - among other documents - the report concerning the Internal Control System and the Supervisory Board Report, an evaluation on the adequacy on the Internal Control and Risk Management System, in line with the characteristics of the company and the risk profile assumed, in addition to its efficacy, was carried out;

In particular, the Board evaluates the general operational performance, on the occasion of the approval of the quarterly and half-yearly reports;

In 2012 this evaluation was carried out at the meeting of February 14, 2012, also considering the conclusion of mandate of the Corporate Boards in office, coinciding with the Shareholders' Meeting called to approve the 2011 Annual Accounts. Specifically, in the evaluation of the composition of the Board in office, consideration was taken of professional characteristics, such as experience, including managerial, and general characteristics of the members of the Board, as well as their years of service. The Board currently in office is adequately represented by Executive, Non-Executive and Independent members, in addition to a sufficient range of professional qualifications, experience, gender balance and years of service and this composition, in addition to conforming with best practices, ensures an effective functioning of the Board.<sup>14</sup>
- In relation to the size of the Board and with a view to its renewal, in accordance with Article 1.C.1., letter h) of the Code, it was proposed to reduce the number of members from 8 to 7 and to maintain, within the slates, a wide range of professional qualifications, experience, also of a managerial nature, and where possible gender equality, with particular reference to the industrial, economic and financial sectors, in addition to the presence of a sufficient number of independent members.

This proposal was therefore included in the Agenda of the Shareholders' Meeting called for the approval of 2012 Annual Accounts.<sup>15</sup>

In relation to the Committees, the Board evaluated the adequacy of their relative size and composition to effectively carry out the duties attributed to them. Subject to the appointment of a new Director, the Board may evaluate the further supplementation or amendment of the composition of the Committees.

In particular, the company bodies report upon any atypical and unusual transactions with related parties and/or which may cause potential conflicts of interest, on their own behalf or of third parties, as well as concerning the strategic plan, industrial and financial projects of the Company and of the Group<sup>17</sup>.

In 2012, the executive directors reported systematically to the Board in relation to the powers delegated to them.

#### **4.5 Other Executive Directors**

No other directors apart from those indicated in the previous Section 4.4 are considered as executive directors within the Company.

#### **4.6 Independent Directors**

Within the Board of Directors, in conformity with that provided by Article 3.P.1 of the Self-Governance Code, there are two non-executive independent directors (Messrs. Stefano Romiti and Elena Magri) which, following the evaluation carried out by the Board of Directors are in conformity respectively with Articles 3. C.1 and 2 of the Self-Governance Code and Article 148, paragraph 3 of the CFA in that:

a) they do not directly or indirectly, including through subsidiaries, trusts or nominees, control the company and are not capable of exercising significant influence, or participate in a shareholder agreement through which one or more parties can exercise control or significant influence on the Company;

b) they are not and have not been in the previous three years, a senior representative<sup>18</sup> of the Company or of one of its subsidiaries with strategic importance or of a company subject to common control, or of a company or of a body that, even together with others through a shareholder agreement, controls the Company or is able to exercise significant influence;

- with a party that, also together with others through a shareholder agreement, controls the Company, or – in relation to companies or bodies - with the relevant members;

or are not and were not in the previous three years, an employee of one of the above parties;

- d) they do not receive and have not received in the previous three years, from the Company or a subsidiary or parent company a significant additional remuneration other than the “fixed” fee of non-executive director and the compensation for Committee membership established by the Code, including incentive participation plans relating to the performance of the company, including share-based payments;

- m) they are not related to the company or any subsidiaries or companies that control the company or subject to any common control or to the directors of the company or any parties at letter l) above or independent or subordinated employment or any other monetary or professional relationship which may compromise their independence.

The evaluation of independence, in accordance with Article 3.C.4 of the Code and Article 147-ter, paragraph 4 of the CFA, based on the declarations made by the interested parties and available to the Company, was conducted by the Board of Directors on April 27, 2012 and repeated at the meeting of September 13, 2012 on the amendment of the composition of the Committees; the result of these evaluations was announced to the market through a press release. At the same time, the Board of Statutory Auditors verified the correct application of the assessment criteria and procedures adopted by the Board in accordance with Article 3.C.5 of the Code. For the result of these evaluations, reference should be made to the subsequent Section “Board of Statutory Auditors activities in 2012 and in 2013 until the date of the present report”

and to that reported in the Board of Statutory Auditors Report to the Shareholders' Meeting, available on the Company website in the Investor Relations Section.

The presence of two Non Executive and independent Directors on the board of the company has the objective of achieving the greatest possible corporate "good governance" through enabling debate and dialogue between all of the Directors.

The contribution of the independent directors permits the Board to evaluate with sufficient independence in cases of potential conflicts of interest of the Company with the controlling shareholders. Also in order to ensure a greater contribution from Independent Directors, on this latter evaluation in accordance with Article 1.C.1 letter g), the Board of Directors proposed the appointment of a further Independent Director.

In 2012, the Independent Directors, in accordance with Article 3.C.6 of the Code, met on October 23, in order to examine the structure and activities of the Company, including the implementation of the Regulation for Transactions with related parties, without noting any irregularities.

Directors who declare their independence are committed to maintain such for the duration of their mandate.

#### **4.7 Lead Independent Director**

The Board meeting of April 27, 2012 reconfirmed Mr. Stefano Romiti as the Lead Independent Director, assigning the role established by criteria 2.C.4 of the Code.

The Lead Independent Director has the right, among others, on his own initiative or upon the request of the other directors, to summon meetings of the independent directors in order to discuss issues that are considered relevant regarding the functioning of the Board of Directors or management in general.

In 2012, the Lead Independent Director operated as a reference point for the other independent directors, collaborating, among others, with the Chairman of the Board of Directors, in order to guarantee complete and timely information for the independent directors.

The appointment of a Lead Independent Director was considered necessary in consideration, among other issues, of the extent of the duties conferred to the Chairman

of the Board of Directors (although he does not act as C.E.O.) and the familial relationship between the Chairman and the Executive Director Gianna Perialisi, who indirectly holds control of the Company, in accordance with Article 93 of the CFA.

## **5. TREATMENT OF CORPORATE INFORMATION AND PERSONS WITH ACCESS TO CONFIDENTIAL INFORMATION (“INSIDERS REGISTER”).**

The Board of Directors, in the meeting of April 12, 2006, approved, in accordance with article 4 of the Self-Governance Code, a regulation relating to the internal management and external communication of documents and information related to the Company, with particular reference to confidential information, based on article 114, paragraph 1, 181 of the CFA and 66 of the Issuers’ Regulation.

In particular this regulation is divided into two parts. The first part defines in a general manner, also in relation to the subsidiary companies, the information considered confidential and which therefore must be communicated, as well as the manner in which this is carried out.

The second part governs the procedures for the management and updating also with reference to subsidiary companies, the Register of persons with access to confidential information (so-called “Insider Register”) created by the company in accordance with article 115-*bis* of the Consolidated Finance Act and whose maintenance is the responsibility of the Investor Relations Manager.

The Company has published the provisions of this regulation internally within the Company and its subsidiary companies and has systematically managed and communicated the confidential information published from time to time.

On September 27, 2007, the Board of Directors of the Company appointed Ms. Laura Giovanetti as the Investor Relations Manager, also appointing her responsible for the Insider Register of the Company.

## **6. INTERNAL COMMITTEES**

On April 27, 2012, the Board of Directors of the Company, in accordance with Article 4.P.1 of the Self-Governance Code, set up an “Appointments and Remuneration Committee” and an “Internal Control and Risk Management Committee”, formed by a majority of non-executive and independent directors.

The duties attributed by the Code to the Committees were therefore not reserved for the entire Board.

In comparison with the previous structure established in 2006 the functions of the Appointments Committee, previously not incorporated, were allocated to the Remuneration Committee, in accordance with Article 4.C.1, letter c) and in compliance with the provisions of Articles 5.P.1 and 6.P.3 of the Code. The decision to create a single Committee for the Appointment and Remuneration of Directors is based on the size of the Board and of the Company, in addition to the need of the Company to maintain, and compliance with the conditions of the Code, a responsive and effective organisation.

The Internal Control and Risk Management Committee, created in accordance with Articles 4.P.1, 7.P.3. (ii) and 7.P.4 of the Self-Governance Code, replaced the Internal Control Committee.

The work of the Committee is coordinated by its Chairman: Stefano Romiti.

Further information on these committees is reported in sections “7. APPOINTMENTS COMMITTEE

## **7. APPOINTMENTS COMMITTEE**

The Company did not consider it necessary to create a specific Appointments Committee and consequently allocated the relative duties to the Remuneration Committee, now the Appointments and Remuneration Committee.

For further information, reference should be made to sections “6. INTERNAL COMMITTEES” and “8. APPOINTMENTS AND REMUNERATION COMMITTEE

## **8. APPOINTMENTS AND REMUNERATION COMMITTEE**

**Composition and operation of the Committee (as per Article 123-bis, paragraph 2, letter d) CFA)**

The Board of Directors of the Company, in accordance with Articles 4.P.1, 5.P.1. and 6.P.3. of the Self-Governance Code, set up an Appointments and Remuneration Committee.

At the date of the present Report, the Committee is comprised of Messrs. Stefano Romiti (Chairman), Gennaro Pieralisi and Elena Magri; this latter replaced the current Chief Executive Officer Giuseppe Perucchetti from September 13, 2012, the date of his appointment by the Board.

In 2012, until April 27, the date of the Shareholders' Meeting at which the Corporate Boards were renewed, the Remuneration Committee was comprised of the Directors Stefano Romiti, Gennaro Pieralisi, Giovanni Frezzotti and Luca Paces.

The Appointments and Remuneration Committee was allocated all of the duties established by Articles 5.C.1, 6.P.4 and 6.C.5 of the Self-Governance Code.

The Members of the Committee have knowledge and experience in relation to accounting and financial matters and/or remuneration policies; in particular the Chairman Stefano Romiti has specific knowledge and experience in relation to accounting and financial matters. The Board considers that the Members of the Committee have sufficient professional abilities to carry out the roles entrusted to them. This committee guarantees the greatest information and transparency on the remuneration of directors vested with specific offices, as well as the manner for determining the remuneration.

The Committee has solely proposing and consultative functions, while the power of determining the remuneration of the Directors vested with specific offices remains with the Board of Directors, having consulted with the Board of Statutory Auditors.

Specifically, the Committee:

- presents to the Board proposals for the drawing up of a Remuneration Policy for Executive Directors, of Directors allocated specific roles and Executives with strategic responsibilities, in addition to the establishment of the performance objectives related to the variable component of such remuneration;
- monitors the application of the decisions adopted by the Board, verifying, in particular, the effective achievement of the performance objectives.

- proposes to the Board candidates for the office of director in the cases of co-option, or to replace independent directors.

In 2012, the Committee, among other actions:

- drew up for the Board remuneration proposals concerning the Executive Directors of the Company, in addition to proposals for the establishment of the performance objectives related to the variable component of this remuneration<sup>19</sup> and of the remuneration of management and monitored the application of the decisions adopted by the Board, verifying in particular, the achievement of the performance objectives;
- proposed to the Board the 2012 performance targets concerning the 2010 Stock Grant Plan, monitored the application of the Plan and presented to the Board its observations on the relative performance;
- evaluated the opportunity to put to the Board, and therefore to the Shareholders' Meeting, the approval of a new share-based remuneration plan following the conclusion of the 2010 Stock Grant Plan;
- proposed to the Board the Remuneration Report to be presented to the Shareholders' Meeting;
- periodically monitored and verified the correct application of the remuneration policy adopted;
- noted that, following the replacement of the Chief Executive Officer on September 13, 2012, the number of Independent Directors on the Board reduced by a further member, although still in compliance with the minimum legal requirement and consequently invited the Board to evaluate the addition of an independent member

with knowledge and experience of the home appliance business and other skills than those already present on the Board.

No director took part at meetings of the Committee in which the proposals for the Board of Directors relating to their own remuneration were proposed and the decisions relating to the remuneration of members of the Committee were taken with the abstention of the interested party. The Chairman of the Board of Statutory Auditors participated at the Committee meetings, and from April 2012 at least one of its standing members, in addition to, on invitation and on specific matters on the Agenda, the Human Resources Manager.

The Committee had the opportunity to access the information and the departments necessary for adequately carrying out its duties. Therefore, as the Committee availed of the resources, the means and the structure of the Company, the provision of specific financial resources is not provided for.

For further information regarding the number of meetings held and the participation at the meetings for each of the members, reference is made to the section “Activities of the Board of Directors and of the Committees in 2012 and 2013 up to the date of the present Report

In relation to the incentives for the Internal Control Manager and the Executive Responsible for the preparation of Corporate Accounting Documents, these are in line with the responsibilities assigned.

#### **11. INTERNAL CONTROL SYSTEM (AS PER ARTICLE 123-BIS, PARAGRAPH 2, LETTER B), CFA)**

The Internal Control and Risk Management System, based on the “COSO Report” model and on the Self-Governance Code principles, comprises a set of rules, procedures and organisational structures which enable the identification, the management and the monitoring of the principal risks. This system is integrated into the more general organisational and corporate governance structure adopted by the company and ensures the safeguarding of company assets, the efficiency and efficacy of the corporate processes, the reliability of financial disclosure, compliance with law and regulations, in addition to the by-laws and the internal procedures.

This system, defined based on leading national and international best practice, is based on the three following levels of control:

- First level: the operating functions identify and evaluate the risks and define specific actions for their management (so-called line controls);
- Second level: the risk control functions concern the establishment of methodologies and instruments for the management of risks relating to operations and the carrying out of risk monitoring activities;
- Third level: the Internal Audit function provides independent evaluations on the entire System.

The Board of Directors of Elica manages the principal corporate risks, taking account of the Company objectives and the characteristics of the activities carried out by the Company and its subsidiaries. These risks are identified based on the following criteria:

- a) nature of the risk, particularly in relation to risks of a financial nature, those concerning compliance with accounting rules and those with a potentially significant impact on the reputation of the Company;
- b) significant probability of the occurrence of the risk;
- c) limited capacity of the Company to reduce the impact of the risk on operations;
- d) significant size of the risk.

Consequently, the Board of Directors examines these risks and the respective containment measures, based also on the nature and the level of risk considered compatible with the strategic objectives of the Group.

The Board of Directors also evaluated in the year the adequacy and efficacy of the Internal Control System, expressing a favourable opinion on the state on the System.

For details of the principal characteristics of the Risk Management and Internal Control System in relation to the Financial Disclosure process, reference should be made to ATTACHMENT 2 of the present report.

### **11.1 Executive Director in Charge of the Internal Control System**

The Company appointed a Director in charge of the creation and maintenance of an effective Internal Control and Risk Management System, in line with Article 7.C.4 of the Self-Governance Code. In particular, on September 13, 2012, following the

In particular, in 2012, the appointed Director, in the exercise of his functions:

The appointment was made at the Board of Directors' Meeting of November 14, 2011 and confirmed on April 27, 2012.

---

<sup>21</sup> On November 14, 2011 and April 27, 2012.

#### **11.5 Executive responsible for the preparation of corporate accounting documents**

In accordance with Article 154-*bis* of the CFA as amended by law No. 262 of December 28, 2005 (so-called "Savings Law") and in accordance with Article 26 of the By-Laws, on January 9, 2012, the Board of Directors, having consulted with the Board of Statutory Auditors, appointed as the Executive Responsible for the preparation of the Corporate Accounting Documents - in replacement of Mr. Vincenzo Maragliano - Mr. Alberto Romagnoli, Finance Director, until the shareholders' meeting for the approval of the financial statements at December 31, 2011. Subsequently, at the meeting of April 27, 2012, the newly appointed Board of Directors reappointed Alberto Romagnoli to this position, until the Shareholders' Meeting called for the approval of the 2014 Annual Accounts.

Article 26 of the By-Laws provides that the Executive Responsible for the preparation of the corporate accounting documents must have specific professional skills in administration, finance and control, as well as the requisite standing established for directors. The Board considered that the professional requirements with specific competence in the area of administration, finance and control have been fulfilled as well as the standing requirements required by the By-laws, and has proceeded to provide him with adequate resources and means necessary to carry out his duties.

In particular, in order to fully carry out his duties, the Executive Responsible, among others, may avail of the powers and resources established in the Guidelines drawn up by Confindustria in relation to the role (edition of December 13, 2007).

The periodic verification of the adequacy and effective functioning, and any review, form an essential part of the Internal Control and Risk Management Structure, in order to ensure its full and correct efficacy.

For these purposes the Internal Audit Manager, in the meetings of the Internal Control and Risks Management System at which the Board of Statutory Auditors and the Executive Responsible for the Preparation of Corporate Accounting Documents attend, reports on the activities carried out and therefore on the management of risks, on the compliance of the content of the plans, and on the evaluation of the appropriateness of the Internal Control system itself.

The Board of Directors receives and examines on a half-yearly basis the reports prepared by the Internal Control and Risk Management Committee and examines the significant corporate risks submitted for the attention of the Director in charge of the Internal Control and Risk Management System.

The “Procedure for Transactions with Related Parties” (“TRP Procedure”) adopted by the Board of Directors in the meeting of November 11, 2010 and updated on August 28, 2012, is available on the website of the Company in the Section *Investor Relations/Corporate Governance*.

On August 28, 2012, the Board, following the evaluation, did not consider it necessary to amend the Transactions with Related Parties Procedure previously approved, except for the amendments required to update the procedure in line with the stated regulations and to make clear that the duties allocated to the “Committee” under the Transactions with Related Parties Procedure, previously allocated to the Internal Control Committee, have been allocated to the Internal Control and Risk Management Committee.

In the TRP Procedure, the Board established the criteria to identify transactions for which application is required, in order to ensure the transparency and correctness, both materially and procedurally, of transactions with related parties.

In 2012, no transactions of particular significance to the Company were carried out with related parties.

\*\*\*

In relation to transactions in which a director has, on his own behalf or on behalf of third parties, an interest, the interested director is called, except for specific circumstances, to abstain from the vote or to leave the meeting at the moment of discussion and resolution. When the transaction is not subject to the prior approval of the Board of Directors but within the powers delegated to the interested director, also through the exercise of a specific proxy, this latter abstains from the carrying out of the transaction and provides in a timely and exhaustive manner information in relation to such to the Board.

In order to identify transactions in which a director may have an interest, also on behalf of third parties, the Company utilises, among others, an electronic database containing information on related parties of directors of the Company.

### **Manner for electing Corporate Boards**

According to the provisions of the current By-Laws, the appointment of the Board of Directors and the Board of Statutory Auditors is carried out through the voting of slates, in accordance respectively with articles 16 and 24 of the by-law.

Only shareholders who individually or collectively hold at least 2.5%<sup>24</sup> of the share capital have the right to present slates or a differing minimum percentage provided for or allowed by regulations.

For the inclusion of the Directors to be elected, consideration is not taken of the slates which have not obtained at least half of the votes required for the presentation of the slates. All those entitled to vote shall vote for only one slate.

Directors must have the requisites of eligibility, professionalism and independence provided by law and the other applicable directives.

Statutory Auditors must also have the requisites of eligibility, professionalism and independence provided by law and the other applicable directives. related to the company's activities: that relating to commercial or tax law, the economy and corporate finance, the manufacturing and design sector, as well as the activities listed in article 2 of the by-laws, to which reference should be made.

Except in the situation of ineligibility established by law, no person who covers offices of statutory auditor in five or more other companies listed on regulated markets may fulfil the role of statutory auditor and if nominated must vacate the office, with exclusion of the subsidiary companies as well as the parent companies and the companies controlled by such, or anyone who covers offices of direction and control in a number higher than that provided by law and the regulations in force.

The presentation of slates for the appointment of the Board of Directors will occur in the manner established by, and in compliance with, Article 16 of the By-laws, to which reference should be made.

The presentation of slates for the appointment of the Board of Statutory Auditors will occur in the manner established by, and in compliance with, Article 24 of the By-laws, to which reference should be made.

In relation to the appointment of the Board of Statutory Auditors, in the case in which twenty-five days prior to the Shareholders' Meeting only one slate is presented, or only slates related to it are presented, in accordance with Article 144 *sexies*, paragraph five of the Issuers' Regulations, slates may be presented up until the third subsequent day to this date. In this case, the percentage threshold established for the presentation of the slate is reduced by half (1.25% of the share capital).

The slates presented that do not comply in full with the By-laws shall be considered as not presented.

The Company assures that the shareholders are provided adequate information on the profile of the candidates for the offices of director and statutory auditor in the manner set out in the above stated articles to which reference is made.

With reference to the method of election of the Board of Directors through the "voting of slates", the By-Laws provide that:

a) from the slate which obtained the highest number of votes (hereafter the "Majority Slate") all of the members of the Board of Directors are elected except one, as established by the Shareholders' Meeting, according to the progressive order of the slate;

b) from the slate which obtained the second highest number of votes (hereafter the “Minority Slate”), which is not connected in any way, even indirectly, with the shareholders who have presented or voted on the Majority Slate, the first candidate listed is elected to the Board of Directors.

If, with the candidates elected through the manner set out above, an adequate number of independent Directors is not be elected, however not lower than the amount provided by law, the non independent candidate(s) elected as last in progressive order of the Majority Slate will be replaced by the first independent candidate according to the progressive ordering not elected in the same Majority Slate.

The candidate listed in first position on the Majority Slate is elected as Chairman of Board of Directors.

Should two or more slates receive the same number of votes, a second vote of the Shareholders’ Meeting is taken, with only those tied taking part.

In the case in which only one slate is presented or voted upon, all of the Directors will be elected from this slate.

Where no slate is presented, the shareholders’ meeting votes by statutory majority, without complying with the above-mentioned procedure.

The procedure for electing Statutory Auditors shall be as follows:

- 1) from the slate which obtained the highest number of votes in the shareholders' meeting (hereafter the “Majority Slate”), based on the progressive order on the slate, 2 standing members and 1 alternate member are elected;

The Chairman of the Board of Statutory Auditors shall be the first candidate on the Minority Slate.

In the case of a tie in the number of votes between two or more slates, the eldest candidates shall be deemed elected.

In the case of the substitution of a standing auditor, an alternate auditor is taken from the same slate as the auditor leaving office.

The previous provisions in relation to the election of statutory auditors are not applied to Shareholders' Meeting for which only one slate is presented or voted upon or in the shareholders' meetings which provides in accordance with law for the appointment of statutory auditors and/or alternate auditors necessary to complete the Board of Statutory Auditors following replacement or resignation. In this case, the Shareholders' Meeting votes by majority.

The Board in office was appointed before the entry into force of Law 120/2011 concerning gender balance and the Company intends to amend the By-laws, in line with, among others, the above-stated regulation, at the Shareholders' Meeting called for the approval of the 2012 Annual Accounts.<sup>25</sup>

\*\* The total holding of Whirlpool takes into account, in addition to the 100 Shares transferred to Whirlpool by FAN S.A., 1,107,200 shares transferred to Whirlpool by Ms. Gianna Peralisi (1.7485% of the share capital of Elica), 1,035,650 shares transferred to Whirlpool by Mr. Francesco Casoli (1.6335% of the share capital of Elica), 426,000 shares transferred to Whirlpool by Ms. Cristina Casoli (0.6727% of the share capital of Elica) and 597,190 shares transferred to Whirlpool by Anpier S.p.A. The Shareholder Agreement has no impact on the control of the Company which, pursuant to article 93 of the Consolidated Finance Act, is indirectly held by Ms. Gianna Peralisi.

### 3. Contents of the Share Option Agreement.

3.1 Elica has granted to Whirlpool, for the duration of the Option Period, the right to purchase from the Company the Shares of the Call Option at a price per Share equal to the lower of (i) Euro 0.50 plus the weighted average price per Share paid by the Company in the buyback programme approved by the Shareholders' Meeting of the Company on August 3, 2007 up to the previous trading day at each exercise date of the Call Option, for the Shares resulting from the share register at that date, and (ii) Euro 5. Whirlpool may exercise the Call Option in one or more tranches not lower than the minimum between (a) 2.5% of the share capital of the Company and (b) the number of Shares held by the Company at the exercise date of the Call Option, on condition that the total number of the Shares acquired by Whirlpool following this exercise in each quarter will not exceed 5% of the share capital of the Company. The limit of 5% of the share capital of the Company may be exceeded in the final quarter of the Option Period for a total number of shares requested by Whirlpool in the previous quarters and not delivered by Elica, with a maximum limit of 10%. Following the exercise of the Call Option, the Company will sell a number of Shares equal to the lower between (i) the number of the Call Option Shares for which Whirlpool has exercised the Call Option and (ii) the number of Shares held by the Company at the exercise date of the Call Option.

3.2 Whirlpool, until the first date between (i) the end of the Option Period and (ii) the day of the purchase by Whirlpool of all the Call Option Shares, will not purchase or authorise the purchase of Shares or rights on shares, on the market or outside of the market.

3.3 Pursuant to the Modifying Agreement, Whirlpool, in derogation to the limit cited at point 3.2, may purchase a maximum number of 1,266,456 ordinary shares of the Company, comprising 2% of the Share Capital, on the market in the period between the signing of the Modifying Agreement and March 31, 2009. Tali acquisti dovranno essere effettuati da Whirlpool tramite un solo intermediario e, alla fine del periodo di acquisto, Whirlpool dovrà versare alla Società un importo di Euro 0,50 per ogni azione acquistata sul mercato. Le azioni così acquistate da Whirlpool ridurranno il numero massimo di azioni per le quali Whirlpool potrà esercitare l'Opzione Call.

3.4 Pursuant to the Second Modifying Agreement (i) the options period will be extended to December 31, 2009, with amendment of the duration of the Share Options Agreement; (ii) Whirlpool, in derogation to the limit cited at point 3.2, may purchase a maximum number of 1,899,684.00 ordinary shares of the Company, comprising 3% of the Share Capital, on the market in the period between the signing of the Modifying Agreement and December 31, 2009. These purchases must be carried out by Whirlpool through only one intermediary and at the end of the purchase period Whirlpool must pay an amount of Euro 0.50 for each share purchased on the market to the Company.

Such shares purchased by Whirlpool reduces the maximum number of shares for which Whirlpool can exercise the Call Option.

### 4. Provisions of the Shareholder Agreement.

The provisions of the Shareholder Agreement are outlined below.

#### 4.1 Sales option of the Incomplete Shares

Where, on the expiry of the Option Period, the Company is unable for whatever reason to deliver all the Shares that Whirlpool had exercised in the Call Option and Whirlpool has communicated to FAN the wish to acquire a number of Shares equal to the difference between the Shares that Whirlpool had exercised in the Call Option and the Shares effectively sold by the Company to Whirlpool (the "**Incomplete Shares**"):

(i) where the weighted average price of the Shares on the MTA during the Option Period exceeds Euro 5, FAN will have the obligation to sell to Whirlpool the Incomplete Shares at a price per share of Euro 5; or

(ii) where the weighted average price of the Shares on the MTA during the Option Period does not exceed Euro 5, Whirlpool will acquire the rights related to the reaching of the shareholding threshold contained in the Shareholder Agreement (including, on an example basis, those described at paragraph 4.2.3) as if they had acquired all the Shares of the Call Option on the last day of the Option Period, without Whirlpool having to acquire any Incomplete Shares.

#### 4.2 Governance

The agreement provides for the following governance terms.

4.2.1 FAN will ensure that for the duration of the Shareholder Agreement, one member of the Board of Directors of the Company is nominated on the recommendation of Whirlpool, subject to this latter being

a holder of at least 5% of the share capital of the Company. Where the Shareholder Agreement is terminated or Whirlpool has a holding lower than 5% of the share capital of the Company (except as a consequence of a **"Post-Closing Dilution"** or as a consequence of a breach of the Shareholder Agreement by FAN or a breach of the Share Option Agreement by Elica), Whirlpool will request the designated Director to resign from office. Post-Closing Dilution is intended as the dilution of the investment by the Investor deriving from (i) any issues of Shares or Elica Securities (as defined) where the Investor does not have an option right or (ii) mergers or any other operations carried out by the Company after the Closing. In the case of the appointment of a new Board of Directors during the Shareholder Agreement, FAN will present a single slate of candidates, which will include the Director designated by Whirlpool and a further candidate, indicated by Whirlpool as a replacement of the first candidate.

4.2.2 Without the approval of FAN, the designated Director of Whirlpool may not be an employee, a director or an executive of Whirlpool or a **"Related Party"** (intended, with reference to each Party, as a party which directly or indirectly controls, is controlled by or is subject to common control with this Party).

4.2.3 Where Whirlpool has a shareholding in Elica of at least 10%, the resolutions of the Shareholder Meetings or of the Board of Directors relating to:

(a) any issue of Shares or other "Elica Securities" (intended as any class of shares - including the Shares - convertible bonds or other securities or equity financial instruments issued by Elica), in which Whirlpool does not have the rights option, will be adopted with the favourable vote respectively of Whirlpool or of the Director designated by Whirlpool; and

(b) distribution of reserves or other provisions or assets, spin-offs, reduction of share capital (except in the case of the obligatory reduction of the share capital pursuant to article 2446, second paragraph, and article 2447 of the Civil Code) or any other resolution of the Shareholders that results in a reduction in the shareholders' equity of the Company under Euro 126,000,000 will be adopted with the favourable vote of Whirlpool or of the Director designated by Whirlpool, whose vote may not be unreasonably declined.

4.2.4 For the duration of the Option Period, FAN will not undertake any action to eliminate or to resolve the buyback programme approved by the Shareholders' Meeting of 3 August 2007.

#### 4.3 Limits to the transfer of shares

The provisions of the Shareholder Agreement on the transfer of shares are outlined below.

##### 4.3.1 Non transfer obligations

(a) Up to (x) the second anniversary of the Closing or, if subsequent, (y) in the case in which FAN, Fintrack S.p.A. (parent company of FAN) and Ms. Gianna Pieralisi, Mr. Francesco Casoli and Ms. Cristina Casoli no longer have a holding in the share capital of the Company equal to at least 47%, the first anniversary of the last purchase of the Shares by Whirlpool (the **"Standstill Period"**), FAN and Whirlpool may not transfer or may not encumber (where such an encumbrance would involve the Shares to be exercised by third parties) the respective Shares and the other Elica Securities held. In addition, during the Standstill period, (i) the Parties will not promote directly or indirectly, alone or together with third parties, public purchase or exchange offers on the Shares or on the other Elica Securities; (ii) the Parties will not undertake any action or omission which results in the obligation to promote directly or indirectly, alone or together with third parties, an obligatory public purchase offer on the Shares and on the other Elica Securities and (iii) Whirlpool will not act, alone or in concert with other parties, to acquire the control of the Company or to solicit proxies at the shareholders' meeting of the Company, an obligation which will also apply to the Related Parties. Following the launch of a public purchase or exchange offer on the Shares or on the other Elica Securities by third parties not related in the Standstill Period, each Party will have the right to launch a counter-bid on the Shares and other Elica Securities.

(b) For the entire duration of the Shareholder Agreement FAN will not transfer any Shares or Elica Securities held at the date of the Shareholder Agreement to any third parties involved vertically or horizontally in the production, development, marketing or sales of products of water purification, white electrical goods, home appliances, air-conditioning systems and compressors for fridges and air-conditioning systems (a **"Competitor"**) nor vote in favour of the issue of Shares or Elica Securities in favour of a competitor. FAN will ensure that this clause is complied with also in relation to any Share or Elica Security held by the Company or Related Parties to FAN.

##### 4.3.2 Transfers permitted

During the Standstill Period, Whirlpool and FAN may freely transfer the Shares or any other Elica Security in which, from time to time, they hold/acquire ownership in the following cases:

(a) transfer from FAN (or its successors if permitted by the Shareholder Agreement) to Ms. Gianna Pieralisi, Mr. Francesco Casoli and Ms. Cristina Casoli, or their spouses or relatives (as defined by articles 74 and 76 of the Civil Code) or to a company wholly owned or controlled by one of these parties;

(b) transfer from Whirlpool to a Related Party of Whirlpool Corporation or by FAN to a Related Party of FAN, provided that such Related Party of FAN is not held by a Competitor of Whirlpool.

In each case the buyer must adhere to the Shareholder Agreement and the seller will ensure that the buyer remains a Related Party and will remain fully committed to the seller.

#### 4.3.3 Pre-emptive Right

Where one of the Parties wishes to transfer, all or part, of the Shares or other Elica Securities it holds during the Shareholder Agreement, in favour of any other person or entity, the following procedures are applied:

(a) where one of the Parties wishes to transfer Shares or other Elica Securities, they will communicate their intention in writing (the "**Offer**") to the other Party. During a period not beyond 30 days from the reception of the Offer (the "**Pre-exemption Period**"), the other Party will have the right to acquire all (and not just some) of the Shares or Elica Securities described in the Offer at the same terms and conditions within 30 working days from the reception of the Offer;

(b) where the Offer does not contain a cash sum, the Parties may jointly nominate an investment bank of international renown within 10 days from the Pre-emption Period in order to determine the value of the Shares or the Elica Securities and the corresponding consideration in cash.

#### 4.3.4 Extension of the transfer limits

The Parties have agreed that the provisions described in paragraphs 4.3.2 and 4.3.3 are also applied to the Shares and Elica Securities held by a Related Party of FAN including Ms. Gianna Pieralisi, Mr. Francesco Casoli and Ms. Cristina Casoli. In relation to the pre-emptive right:

(i) this does not apply to the transfer of Shares or Elica Securities held directly by Ms. Gianna Pieralisi, Mr. Francesco Casoli and Ms. Cristina Casoli at the date of the Shareholder Agreement or subsequently acquired by them on the market; and

(ii) paragraph 4.3.3 also applies to each transfer of the majority of the shares (or rights on these) issued by FAN or by a party directly or indirectly controlled by FAN; in the case in which the transfer of the majority of the shares issued by these parties is made through several transfers of minority holdings, FAN will transfer on the request of Whirlpool all the Elica shares held by FAN at that date at the price determined in accordance with the terms of paragraph 4.3.3(b).

#### 4.4 Non Competition Clause

FAN, also on behalf of its parent company Fintrack S.p.A. and Ms. Gianna Pieralisi, Mr. Francesco Casoli and Ms. Cristina Casoli, will ensure that, until any party among FAN, Fintrack S.p.A. and Ms. Gianna Pieralisi, Mr. Francesco Casoli and Ms. Cristina Casoli (the "**Non-Competitive Party**") holds directly or indirectly, individually or together with third parties, Shares or other Elica Securities or rights from these or relating to these, up to the first date between (i) the expiry of the Shareholder Agreement and (ii) 18 months after the date in which the Non-Competitive Party will cease to hold, directly or indirectly, Shares or such holdings or rights, this Non-Competitive Party may not:

(i) undertake or make, directly or indirectly, on its own behalf or on behalf of third parties, in North America (United States of America, Canada, Mexico), Europe (including Russia and Turkey), the Middle East and Africa (the "**Territory**"), any commercial or entrepreneurial operation in the production, research and development, marketing, distribution and sale of kitchen hoods (the "**Competitive Activity**");

(ii) hold, directly or indirectly, any interest, participation or affiliation, on its own behalf or of other parties or entities, in the Territory and in relation to the Competitive Activity, or be (A) a shareholder, lender or investor, which exercises the control or significant influence on the operations or (B) a shareholder or investor that holds (or has related voting rights or equity rights) more than 10% of any non-listed category of securities of, or more than 2% of the listed securities of, any party that undertakes or makes any commercial or entrepreneurial operations described in paragraph (i) above.

#### 4.5 Conditional rights

The rights of Whirlpool described in paragraph 4.3.1 (b), 4.3.3 and 4.4 will no longer have effect if, at the end of the Option Period, the holding of Whirlpool is lower or reduces below 10% of the share capital of the Company, except in the case of a Post-Closing Dilution or due to a breach of the Shareholder Agreement by FAN or a breach of the Share Option Agreement by Elica. Under the Supplementary Agreement, the parties agree that (i) the 10% holding in Elica was considered reached by Whirlpool on December 31, 2009 (ii) the terms of the Agreement whose enforcement was dependent on the holding by Whirlpool of 10% of the share capital of Elica at maturity of the options period, as extended by the Second Modifying Agreement, is fully effective.

#### **5. Duration and renewal of the Shareholder Agreement.**

5.1 The agreement will remain in force until the first date between (i) the third anniversary of the Closing (or the fifth if the Elica Shares are no longer listed) and (ii) the date in which Whirlpool holds less than 5% of the share capital of the Company (except in the case of a Post-Closing Dilution or as a consequence of the breach of the Shareholder Agreement by FAN or of a breach of the Share Option Agreement by Elica).

5.2 Where one of the Parties communicates to the other Party, at least 3 months before the expiry of the Agreement, their opposition to the renewal of the Shareholder Agreement, the Parties will meet within 2 weeks in order to negotiate in good faith the renewal of the Shareholder Agreement or the agreement of a new Shareholder Agreement between the Parties.

5.3 The Parties declare from the present moment, where on the expiry of the Agreement or on the negotiation of its renewal, the OEM Supplier Agreement is still effective and Whirlpool has acquired and still holds an investment of at least 10% in the share capital of Elica, they intend to renewing the Shareholder Agreement without any modifications for a further period of three years (or one year where the previous term was five years).

5.4) on December 18, 2010, as neither Party had communicated to the other their opposition to the renewal of the Shareholder Agreement, in accordance with the conditions at point 5.3, the Parties renewed the Shareholder Agreement without any amendments for a further period of three years.

The Supplementary Agreement is subject to Consob communications and was filed at the Ancona Company's Registration Office on March 9, 2010.

#### **8. Resolution, withdrawal and penalty clauses**

##### 8.1 Right of resolution

(a) Where Whirlpool or FAN violates or does not comply with some essential clauses of the Agreement (each a "Breach"), the non-defaulting party will have the right to bring the Shareholder Agreement to immediate fruition through communication to the defaulting party pursuant to article 1456 of the Civil Code.

(b) In the case of (i) advanced dissolution of the OEM Supply Agreement for an alleged breach by Elica of the OEM Supply Agreement, or (ii) advanced dissolution of the Share Option Agreement for an alleged breach by Elica (each a "**Elica Dissolution Event**"), Whirlpool may withdraw from the Shareholder Agreement with immediate effect through written communication to FAN.

(c) In the case of (i) advanced dissolution of the OEM Supply Agreement for a breach by Maytag or (ii) proof of serious breach of certain essential clauses of the OEM Supply Agreement (each a "**Buyer Dissolution Event**"), FAN may withdraw from the Shareholder Agreement with immediate effect through written communication to Whirlpool.

#### 8.2 Exit procedure by Whirlpool

(a) In the case of (i) dissolution of the Shareholder Agreement following a Breach by FAN, (ii) dissolution of the Shareholder Agreement following an Elica Dissolution Event, or (iii) non renewal of the Shareholder Agreement following notice by FAN pursuant to paragraph 5.3 above (each a "**Whirlpool Exit Event**"), Whirlpool will have the unconditional right to sell on the market, all or part, the 5% Share, the Call Option Shares and any Incomplete Shares held at that moment.

(b) Where there is a Whirlpool Exit Event, Whirlpool, within 30 working days, must provide written communication (the "**Exit Declaration**") to FAN specifying the Whirlpool Exit Event and indicating (i) the calculation of the weighted average price per share (the "**Average Purchase Price**") paid by Whirlpool on the purchase from FAN and/or from the Company of the 5% Share, the Call Option Shares and any Incomplete Shares (the "**Exit Shares**") and (ii) the weighted average market price per share of the last 30 days preceding the Exit Declaration (the "**Elica Weighted Price**"). Where FAN decides not to buy these Shares at the Average Purchase Price, or subsequently does not make the payment within the agreed terms, Whirlpool will have the right to obtain from FAN within 20 working days of the Exit Declaration an amount equivalent to the difference between the Average Purchase Price (if higher than the Elica Weighted Price) and the Elica Weighted Price, multiplied by the number of Exit Shares (the "**Exit Difference**").

#### 8.3 Exit procedure by FAN

(a) In the case of (i) dissolution of the Shareholder Agreement following a Breach by Whirlpool or (ii) dissolution of the Shareholder Agreement following a Buyer Dissolution Event (each a "**FAN Exit Event**"), FAN will have the unconditional right to buy, all or part, the 5% Share, the Call Option Shares and any Incomplete Shares held at that moment by Whirlpool (the "**FAN Exit Shares**").

(b) Where there is a FAN Exit Event, within 30 working days of being aware of the event, FAN may inform Whirlpool through written communication and Whirlpool will be obliged to sell to FAN the Exit Shares of FAN at the Average Purchase Price within 20 working days of the reception of the above-mentioned communication.

### *Description of the principal characteristics of the risk management and internal control system in place in relation to financial disclosure*

#### *Introduction*

The Internal Control and Risk Management System in relation to Financial Disclosure should not be considered separately. They are in fact constituent elements of the same Control System, described in the previous Chapter 11.

Employing a single and integrated approach the Company therefore considered it correct to base the guidelines for the design, implementation and maintenance of the Internal Control System on the best international practices, which currently stem from the study conducted by the Committee of Sponsoring Organizations of the Threadway Commission (CoSO Report), published for the first time in 1992 and indicated as best practice by the Sarbanes-Oxley Act of 2002. In addition to this, the development and implementation of the control procedures were conducted taking account of the Control Objectives for IT and related technology (COBIT Framework) and the Self-Governance Code of the Committee for Corporate Governance of Borsa Italiana SpA, of the Confindustria “Guidelines”, of the “Ethics Code” and further regulations and rules in force, as well as national and international standards and guidelines concerning Internal Control Systems in general, and specifically concerning Financial Disclosure Control Systems.

With specific regard to the administrative-accounting processes, the Internal Control System, as described above, supports the basis of the declaration which the Executive Responsible for the Preparation of the Corporate Accounting Documents must release in accordance with Article 154-*bis* of Legislative Decree 58/98.

The structuring and organisation of administrative-accounting processes, in continuous development, is focused on achieving maximum synergy between achieving the compliance objectives and the optimisation objectives, through actions focused on formalising the processes and their efficiency, the identification and the evaluation of risks and the design of mitigating controls according to a structured methodology, with an overall view to achieving maturation of the entire System, extendable to the Group in the medium term.

#### ***Phases of risk management and internal control in place in relation to Financial Disclosure***

The System of Financial Disclosure Control of Elica is based on the phases described below:

##### ***(i) Definition of the perimeter of analysis***

The identification of the scope of the entity and of the significant processes in terms of potential impact on Financial Disclosure is conducted, within the Group, in order to guarantee the objectives of reliability, accuracy, trustworthiness and timeliness of the

financial-administrative data and, more in general, to represent in a true and correct manner the financial situation of the Group.

For this purpose, utilising internal resources, the Company submits the business to a valuation process (scoping activity) through using the following methodology:

- **carrying out of a quantitative analysis whereby**, applying the legal limits in relation to the significance of the financial statements of the individual legal entities in relation to the overall consolidation, permits the isolation of Group entities and, therein, the individual financial statement items considered significant for the exceeding of economic values. In addition to this, thanks to the use of a specific reconciliation matrix between the accounts plan and the administrative-accounting processes mapped and the analysis and tests of the corresponding corporate processes.
- **carrying out of a qualitative analysis** which, taking account of the results from the previous quantitative analysis, allows an evaluation of the significance of the individual entities within the development of business processes and their level of complexity, determining the inclusion or exclusion from the analysis also in regard to the level of specific risk connected to the individual legal entity and within this, to the specific processes.

*(ii) Evaluation of the design of the Control System*

The administrative-accounting processes, identified as above, are documented through utilising structured instruments to improve operations, allowing analysis and maintenance and an exhaustive description of the risks and the controls in place (Risk and Control Matrix or RCM). These instruments allow the documentation, the evaluation of risks, the evaluation of the design of the Financial Disclosure Control System against the risks identified and allow periodic verifications focused on verifying the effective operation of the Control System. This mapping process is subject to ongoing analysis and evaluation to ensure the responsiveness to the reality and the strength of the design for risk coverage. In 2012 an analysis was carried out at company level of the so-called Entity Level Controls and of the IT General Controls. In relation to the analysis of the Entity Level Controls, a self-evaluation was carried out of the primary Company guidelines to facilitate the work which, for this purpose, employed a widely used international level framework (ERM-COSO). In the analysis of the ITGC the

workgroup employed a widely used international framework (CobiT), involving the principal IT Department Managers.

*(iii) Evaluation of the operation of the Control System*

The controls, as identified by the joint development of the preceding phases, are submitted to operating verifications (testing), through activities focused on re-examination of their design and verification of their effective implementation in the time period taken into consideration, or carried out effectively in conformity with the design. This activity, scheduled throughout the year, consists of an initial walkthrough of the audit and a subsequent documented analysis concerning the items subject to operating process verification (e.g. purchases, sales, personnel and inventory). A further method of control, carried out in the year, concerns a check on the rectification of the critical issues emerging from the analysis conducted in previous years (follow up).

The results from the previous activities (testing and follow-up) is compiled into a managerial report which, in the case of deficiencies in the design and/or the identified controls, sets out a remediation plan, which is sent to the Executive responsible and based on which the reliability and trustworthiness of the parent company and consolidated financial statements is established.

***Roles and Functions involved***

The Risk and Control Management System, in relation to the Financial Disclosure of Elica is overseen by the Executive Responsible who draws up adequate administrative and accounting procedures for the preparation of the parent company and consolidated financial statements, in addition to all communications of a financial nature.

The Executive Responsible declares upon the adequacy and the effective application of these procedures with regard to the half-year and annual financial statements, both for the parent company and for the group.

In carrying out the duties assigned by the Board of Directors, the Executive Responsible:

- avails of the contribution of the Internal Auditor who provides support with regard to the mapping of processes activity and concerning controls, as described above;

- is supported by the corporate boards of the subsidiary legal entities which, on the occasion of the half-year and annual financial statements, declare the completeness and accuracy of the financial information provided by them;
- establishes a relationship of complete sharing and transparency with the Internal Control Committee and the Board of Statutory Auditors sharing, at least half-yearly the evaluations on the activities carried out and the actions to be undertaken.
