

Vincenzo Maragliano

He has been the Chief Financial Officer with Elica since February 2006.

Previously, he carried out consultancy work in the administration, finance and control area for many multinational companies, while previously working for the company Controller Akademie Italia and subsequently with his own consultancy firm.

From May 1993 to December 2001, he was the management control coordinator with Bofrost Italia. He carried out training and university teaching activities, both in Italy and abroad.
